IERG 47

HAZARD		IDENTIFICATION		
Class Symbol		Trade Name:	Mancozz 750 WG Fungicide	
<div style="text-align: center;">  <p style="margin: 0;">9 Environmentally HAZARDOUS</p> </div>	Subsidiary	Shipping Name:	Environmentally HAZARDOUS substance, SOLID, N.O.S. (MANCOZEB)	
			UN Number:	3077
			HAZCHEM :	2X – contain spillage
			Physical Description:	Yellow to brown granules
			Company: (product registrant)	Hextar Chemicals Pty Ltd 28 Tillotson Terrace, Armadale, VIC 3143 Tel 04 0214 9346
EMERGENCY CONTACTS				
For all emergencies 000 Fire Brigade or Police		Poisons Information Centre 131 126 (24 hours)		
HAZARDS				
Fire or Explosion	Material may burn but does ignite easily. Fire or heat will produce irritating, poisonous and/or corrosive gases. Product containers' may explode if excessively heated. Runoff will pollute waterways / drains.			
Health	Inhalation, ingestion or contact with substance may be harmful.			
Protective Clothing	Emergency services: Wear SCBA and Structural fire-fighter's uniform. Minimum protective clothing for handling product: Cotton overalls buttoned to neck and wrist with washable hat, elbow length PVC gloves and impervious footwear and goggles.			
PUBLIC SAFETY				
For all Emergencies	ELIMINATE all ignition sources (incl. no smoking, spark sources, flames etc) within 15m of spill Spill or leak area should be isolated immediately for at least 10 m in all directions. Keep unauthorised personnel away. Keep upwind and to higher ground. Ventilate enclosed spaces before entering. CONTACT POLICE / FIRE BRIGADE with product details, UN No., quantity and accident details'. Refer MSDS for this product for more detailed information.			
Evacuation	Large spill: Consider initial downwind evacuation for at least 100 m with appropriate signage.			
EMERGENCY RESPONSE				
Fire	Small fire Use dry chemical, CO ₂ or water spray or foam. Large fire Use water spray, fog or foam if safe to do so move undamaged containers' from immediate fire area Cool containers with flooding quantities of water until well after fire is out. Water spray may be used to contain or divert vapour clouds. Prevent dust cloud.			
Spill or Leak	DO NOT touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Stop leak if safe to do so - prevent entry into waterways, drains or confined areas. DO NOT wash product or rinse away down drains or water courses. SEEK EXPERT ADVICE ON HANDLING AND DISPOSAL.			
First Aid	Remove victim to fresh air. Apply resuscitation if victim is not breathing. Administer oxygen if breathing is difficult. Remove material from skin and contaminated clothing and shoes immediately. In case of contact with material, immediately flush skin and eyes with running water for at least 15 minutes. If swallowed, DO NOT induce vomiting. Give large quantities' of water and seek immediate medical attention. Keep victim warm and quiet. Obtain immediate medical care. Ensure attending medical personnel are aware of the identity and nature of the product(s) involved, and take precautions to protect themselves. CONTACT POISONS INFORMATION CENTRE FOR FURTHER ADVICE (In Australia Dial 131 126 Refer MSDS for this product for more detailed information.
